### FORMULATION:

Each 5 mL (1 teaspoonful) contains:

Ascorbic Acid, USP..... 200 mg  
(Equivalent to Sodium Ascorbate 225 mg)(Vitamin C)

### DESCRIPTION:

Vitamin C is a water-soluble vitamin which is necessary for the body to form collagen in bones, cartilage, muscle, and blood vessels and aids in the absorption of iron which is needed for red blood cell production.

Sodium Ascorbate is a natural non-acidic form of Vitamin C. It is neutralized with sodium for persons that have sensitive stomach, preventing gastric irritation due to acidity. It is also essential for the proper healing of wounds and enhances the defensive mechanisms of the body against bacterial infections. Sodium Ascorbate offers many health benefits, which includes boosting of the immune system and energy levels. It is more bioavailable than other forms of Vitamin C.

### INDICATION:

Ascorbic Acid(as Sodium Ascorbate)(Mightee-Cee) may be taken or the treatment and prevention of Vitamin C deficiency. It enhances body resistance from infectious diseases and common colds. It also boosts our body's immune system. Sodium Ascorbate speeds up healing of wounds, recovery from illnesses and maintenance of healthy bones, teeth and gums.
